TILE SYSTEM

DESIGNED BY TILERS **FOR TILERS**

SAVE TIME AND MONEY
WITH THE CLIK TILE SYSTEM

HOW THE PATENTED **CLIK TILE SYSTEM** WORKS

Large rounded thumb tab easier to drive wedge through clip. User friendly - no tools required.

Tough engineering plastic will not crack or break and will outlast the competition.

The Clik Tile System will save you time and money compared to other leveling systems on the market. This innovative Australian made product is the tilers preferred system, designed by tilers for tilers. **Make the switch today and notice the difference.**
