

Aus-Flex Good as Gold

Highly modified rubber based adhesive with excellent thixotropic properties suited for installing large tile and stone in medium duty areas. Pure white cement that won't discolour light coloured stone. A long open time, easy to use and excellent coverage.

Available in light grey 20kg

Uses

Install tile and stone to a wide range of substrates:

- Tile over tile
- Cement sheet
- Plaster board
- Waterproof membranes
- Concrete
- Render
- Screeds

Internal and external use.

Coverage

Coverage per bag *	
6x6 mm trowel	10x10 mm trowel
8-10 m ²	9-10 m ²

**Coverage of adhesives, screeds and membranes are a guide only as there are other factors to take into account. Large tiles consume more adhesive, rough out of plain surfaces consume more materials. Tiles should always be installed as per Australian Standards and good trade practices. Tile and stone should be fully bedded to provide long term support and durability. Large tile and stone should be back buttered to ensure good bond.*
