

Aus-Flex Multi

High performance, economical, flexible polymer and rubber fortified adhesive for installing a wide range of tile and stone. Provides great coverage and easy to use.

Available in grey, 20kg

Uses

Suitable for a wide range of substrates:

- Cement sheet
- Plaster board
- Waterproof membranes
- Concrete
- Render
- Screeds

Internal and external use.

Coverage

Coverage per bag *	
6x6 mm trowel	10x10 mm trowel
8-10 m ²	7-9 m ²

**Coverage of adhesives, screeds and membranes are a guide only as there are other factors to take into account. Large tiles consume more adhesive, rough out of plain surfaces consume more materials. Tiles should always be installed as per Australian Standards and good trade practices. Tile and stone should be fully bedded to provide long term support and durability. Large tile and stone should be back buttered to ensure good bond.*
