

# Aus-Flex Platinum

High performance, flexible polymer and rubber fortified adhesive for installing a wide range of tile and stone. Best used for medium bed and extra-large tile and stone. Great coverage and easy to use.

Available in light grey 20kg

## Uses

Install tile and stone to a wide range of substrates:

- Tile over tile
- Cement sheet
- Plaster board
- Waterproof membranes
- Concrete
- Render
- Screeds

Internal and external use.

## Coverage

Coverage per bag *	
<u>6x6 mm trowel</u>	<u>10x10 mm trowel</u>
8-10 m <sup>2</sup>	9-10 m <sup>2</sup>

*\*Coverage of adhesives, screeds and membranes are a guide only as there are other factors to take into account. Large tiles consume more adhesive, rough out of plain surfaces consume more materials. Tiles should always be installed as per Australian Standards and good trade practices. Tile and stone should be fully bedded to provide long term support and durability. Large tile and stone should be back buttered to ensure good bond.*
