

Aus-MaxiGrip

High performance, lightweight, flexible polymer fortified adhesive with excellent slip resistance for installing a wide range of tiles over different substrates. Great coverage and easy to use with low shrinkage.

Available in white 20kg

Uses

Suitable for medium bed installations of:

- Tile
- Glass tile
- Large porcelain tile
- Stone

Adheres to a wide range of substrates:

- Cement sheet
- Plaster board
- Tile over tile
- Waterproof membranes
- Concrete
- Render
- Screeds

Internal use.

Coverage

Coverage per bag *	
6x6 mm trowel	10x10 mm trowel
10-12 m ²	approx. 6 m ²

**Coverage of adhesives, screeds and membranes are a guide only as there are other factors to take into account. Large tiles consume more adhesive, rough out of plain surfaces consume more materials. Tiles should always be installed as per Australian Standards and good trade practices. Tile and stone should be fully bedded to provide long term support and durability. Large tile and stone should be back buttered to ensure good bond.*
